

Class 1

English

Over the Summer Term in English Year 1 and 2 children will continue to complete work on their book 'Man on the Moon' (A day in the life of Bob) by Simon Bartram. In addition to this, we are going to look at some slightly older language and literacy, as we will study William Shakespeare his life and work. The children will also carry out some Poetry work. In Year 1 and 2 the children are learning how to write for different purposes and audiences and we are continuing to work on our word classes and use of punctuation.

Reception children will be introduced, to the book 'What the Ladybird Heard' by Julia Donaldson, also this term the children are going to attempt to write some simple sentences using our 'Tricky' words. We continue to use Sounds Write as our

Science

In our first half of the term. we will look at plants, to know and name some common wild and garden plants.

Children will learn about the basic structure of common flowering plants and trees.

In the second half of the term we will look at animals

Computing

This term there will be a focus on programming where the children will learn to programme Beebots - miniature robots. The children will continue to have Digital Literacy lessons where they will learn how to stay safe on line.

We will also continue to practice our word processing skills.

Digital Literacy

Lee and Kim (CEOP)

RE

In RE we will move to Buddhism thinking about How do Buddhists show their beliefs?

We will also cover a diversity unit:

What can we learn about our local faith communities?

History

This term we will be considering change, looking at holidays then and now from the Victorian era and through the decades. Looking at changes within living memory. We will consider some significant holiday destinations near to our locality – Saltburn.

Maths

Reception – Building numbers beyond 10. Looking at number patterns including doubling, sharing odd and even. Also Addition and Subtraction stories.

Year 1 Maths - the children will be working on :

Measure,(length and height, weight and volume), multiplication and division, fractions, money and time. Place Values continues to be taught throughout.
